

St Mary's School Improvement Plan 2023 - 2025

Academic Excellence

A focus on achievement and growth for all will drive academic excellence for students.

Objectives

- Students will experience data driven, targeted teaching in Literacy and Numeracy.
- Learning is enhanced by evidence based practices and contemporary pedagogy with high levels of engagement for all.

Authentic Partnerships

Authentic Partnerships that nurture relationships will enhance the learning journey of all.

Objectives:

- Establish principles & practices of effective communication with all stakeholders.
- Creativity re-engage with our families to nurture & support student wellbeing & learning.

Faith Community

The story and charism of St Mary's will strengthen our faith community.

Objectives:

- Explore and connect to the story, traditions and charism of St Mary's.
- The charism of St Mary's is integrated, relevant and contextualized across the school.

Wellbeing

A focus on wellbeing & child safety will foster and nurture the holistic development of all.

Objectives:

- Social & emotional capabilities are integrated into daily practices.
- Implement & enact best practice in child safe standards to foster a resilient, inclusive & solution focused community.

Building Capacity

Create a culture that builds the capacity of contemporary educators to ensure learning and growth for all students.

Objectives:

- Research that is aligned to the Strategic Direction of the school is used to inform a professional learning plan that supports learning for all.
- Coaching and mentoring is implemented for all staff to support the professional learning plan, aligned to the strategic plan of the school.
